Applicants have reviewed the Office Action mailed on December 24, 2002. Please amend the above-identified application as follows.

This response is accompanied by a Petition, as well as the appropriate fee, to obtain a 3-month extension of the period for responding to the Office action, thereby moving the deadline for response from March 24, 2003 to June 24, 2003.

CLAIMS

Please amend the claims as follows:

1. (Currently Amended) A mounting apparatus comprising:

at least one first block securable within a housing, the at least one first block having first and second grooves for respectively receiving a first edge of a first circuit board and a first edge of a second circuit board such that the first and second circuit boards are aligned with each other and are spaced apart; and

at least one second block securable within the housing, the at least one second block having a groove for receiving a second edge of the first circuit board that is perpendicular to the first edge of the first circuit board, the at least one second block having a surface to which the second circuit board is attached adjacent a second edge of the second circuit board that is perpendicular to the first edge of the second circuit board;

wherein at least one of the first and second grooves in the at least one first block is tapered;
